Quality Assessment

Metric	Value	Status
ΔE2000 Mean	41.50556886469512	■ Check
ΔE2000 Max	55.02760870792671	✓ Good
SSIM Score	0.5017374913026474	■ Check
Scale Factor	0.06	Normal

■ Quality Warnings

- Detail loss risk: SSIM 0.502 < 0.75
- Color accuracy risk: ΔE_max 55.0 > 12.0
- Rare colors detected: 801, 3033, 372 (each < 2%)

Quick Start: Follow the color legend (pages 2-3) and use the numeric pattern pages to place diamonds. Match symbols 1-7 to your DMC drills.

- Style: VINTAGE
- Total Colors: 7 (fixed palette)
- Colors Used: 6
- Total Drills: 9,918
- Total Bags (200 drills each): 53
- Grid Hash: 9c4bab2ad4ed4369
- Cell Size: 2.8mm
- Print Quality: 600 DPI

ASSEMBLY INSTRUCTIONS

Kit Specifications:

- Style: VINTAGE with 7 fixed DMC colors
- Grid size: 114 x 87 (9,918 cells)
- Cell size: 2.8mm (symbol x-height: 1.20mm)
- Print settings: 600 DPI, 12mm margins
- Total pattern pages: 2

Printing Instructions:

- Print at 100% scale - do not fit or scale to page
- Use A4 paper in landscape orientation
- Ensure print quality is set to high (300+ DPI)
- Check that crop marks and registration crosses are visible

Page Assembly:

- This kit contains 2 pattern pages plus reference pages
- Each pattern page shows a section of the complete grid
- Pages use numeric symbols 1-7 corresponding to the legend
- Coordinate labels help with page alignment

Cutting and Alignment:

- Cut pages along the outer crop marks
- Use registration crosses to align adjacent pages
- Pages may have 2 cell overlaps for easier matching
- Trim overlaps as needed for your assembly method

Diamond Placement:

- Work with one color at a time using the legend
- Match symbols on pages to symbols on your adhesive canvas
- Use the coordinate system to track your progress
- Symbols 1-7 correspond to the fixed DMC palette colors

Tips for Best Results:

- Work from top to bottom, left to right
- Keep the protective film on unused areas
- Use a roller or flat object to press down placed diamonds
- Take breaks to maintain accuracy and reduce eye strain
- Store unused diamonds in their original bags
