Total Drills: 10,560

Total Bags: 56

Spare Ratio: 10%

Drills per Bag: 200

# **ASSEMBLY INSTRUCTIONS**

## **1. Prepare Your Workspace**

- Find a clean, well-lit area to work
- Lay out all materials: canvas, drills, tray, and pen tool
- Keep the plastic cover on the canvas when not working

## **2. Organize Your Drills**

- Sort your DMC drills using the color legend provided
- Use a drill organizer or small containers for each color
- Label each container with the DMC code and symbol
- Check that you have the correct number of bags for each color

## **3. Start Diamond Painting**

- Begin with one color or one section at a time
- Pour a small amount of drills into the provided tray
- Gently shake the tray to turn the drills right side up
- Using the pen tool, pick up a single drill
- Press the drill firmly onto the corresponding symbol on the canvas

## **4. Working Techniques**

- Work from top to bottom to avoid smudging completed areas
- Replace the plastic cover after each session to protect your work
- Use a rolling pin or book to press down any loose drills
- Take breaks to avoid eye strain

## **5. Completion and Finishing**

- Once all drills are placed, press firmly over the entire canvas
- Apply a sealant if desired (optional)
- Frame or display your completed diamond painting

## **Kit Specifications:**

- Canvas: 20.0x30.0 cm
- Grid: 80x120 drills
- Drill Type: square (2.5mm)
- Total Colors: 10 DMC colors
- Difficulty: Medium - Suitable for intermediate crafters
